Dear All,

I hope you are well.

We would like to share with you our geo-referenced photos from the different SCAT surveys we did during the Whiting incident.

Do you all have access to dropbox? If not, we will think of another way of sharing the photos.

Thank you.

Best Regards.

Stephane

Ed Owens is feeling better and has been released from the hospital. I have debriefed him on today's activities. Ed will be pulling together the draft final SCAT report and have it to you on Monday or Tuesday.

Additionally, we will be consolidating the photographs for this project. We will pull this together sometime next week.

Thank you for coming out today.

If you have any questions, please contact Ed or myself.

Jim Wallace
